

Shane Kanterman

New Haven, CT 06515
(908) 481-6966
shanekanterman04@gmail.com

Computer Science student with hands-on data-center and IT support experience specializing in server deployment, OS installation, and hardware troubleshooting.

EXPERIENCE

InterServer, Secaucus, NJ — *Datacenter Technician*

June 2025 - August 2025

- Completed rack-and-stack of servers and networking equipment in a live data center environment.
- Installed and configured operating systems including Linux, Windows, and Proxmox.
- Performed PXE boot deployments, imaging, and provisioning of new hardware.
- Diagnosed hardware issues such as failed drives, RAM errors, and connectivity problems.
- Assisted with cable management, labeling, and documentation for deployment projects.

EDUCATION

Southern Connecticut State University — *Computer Science*

Sept. 2023 - May 2027

Building skills in software engineering, operating systems, and networking while gaining hands-on IT and data-center experience. Active member of the university football program.

Cranford High School — *Cranford, New Jersey*

Graduated 2023

PROJECTS

Self-Hosted Linux Server — *Proxmox/Ubuntu*

Deployed a home lab server with secure remote access for coding, data backups, and hosting multiple web applications. Configure and manage virtual machines, LXC containers, SSH hardening, firewall rules, storage pools, and service uptime monitoring.

Certifications

Technical Support
Fundamentals — Google /
Coursera

Issued June 2025 · Credential
ID: 5BH VX4W2WMD5

SKILLS

- Rack & Stack
- Server Deployment
- PXE Boot
- Linux (CLI)
- SSH
- Windows
- Proxmox
- Networking Basics (TCP/IP, DNS)
- Hardware Diagnostics
- Troubleshooting
